TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

001 SCOPE, DEFINITIONS, AND STATE CODES:

001.01 Scope and Application: All rules, regulations, and orders of the Department of Health and Human Services Regulation and Licensure or its predecessor agency adopted prior to May 1, 1998, in connection with the powers, duties, and functions transferred to the Public Service Commission under the Nebraska Uniform Standards for Modular housing Units Act, shall continue to be effective until revised, amended, repealed, or nullified pursuant to law.

In regard to any modular housing unit displaying the Nebraska Modular Housing Unit Seal, no suit, action, or other proceeding, judicial or administrative, lawfully commenced prior to May 1, 1998, or which could have been commenced prior to that date, by or against such department or agency, or the director or employee thereof is such director's or employee's official capacity or in relation to the discharge of his or her official duties, shall abate by reason of the transfer of duties and functions from the Nebraska Health and Human Services Department to the Nebraska Public Service Commission.

Any amendment(s) to any section(s) of these administrative rules and regulations which deals with construction standards shall apply only to those modular housing units manufactured on or after the effective date of the amendment(s). All modular housing units for which purchase orders have been received by the manufacturer prior to the effective date of any such amendment shall be considered to be manufactured prior to the effective date of the amendment. All modular housing units considered manufactured prior to the effective date of any amendment must meet the requirements of the section(s) as set out prior to any amendment.

Further, these Rules and Regulations shall govern the design, manufacture, and sale of modular housing units intended for sale, lease or installation in this state, or elsewhere, wherever such modular housing units are reciprocally accepted by virtue of the Nebraska seal. No agency or political subdivision of the state or a municipality shall require compliance with local codes or standards for the construction of or the installation of structural, plumbing, heating, or electrical systems in a modular housing unit which are different from those established by the department in these administrative rules and regulations. An agency or political subdivision of this state or a municipality may prescribe reasonable and necessary requirements of the site development for modular housing units in accordance with local standards. Site development is defined for the purposes of such act as those local development requirements including, but not limited to, foundations, site utility requirements and their connections to the modular housing units, zoning and subdivision regulations, and fire control provisions.

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

001.02 Definitions: The following definitions shall apply to these standards. Where these definitions differ from those in the Standards adopted in Sections 001.03A, 001.03B, 001.03C and 001.03D, these shall be controlling:

001.02A Authorized Representative shall mean any person, firm or corporation, or employee thereof, designated by the Department to perform inspection services.

001.02B Commission shall mean the Nebraska Public Service Commission.

001.02C Date of manufacture shall mean the date the modular housing unit has been completed with all but minor finishing details and has left the assembly line.

001.02D Dealer shall mean any person other than a manufacturer who sells, offers to sell, distributes, or leases manufactured modular housing units primarily to persons who in good faith purchase or lease a modular housing unit for purposes other than resale.

001.02E Defect shall mean any defect in the performance, construction, components, or material of a modular housing unit that renders the modular housing unit or any part thereof not fit for the ordinary use for which it was intended.

001.02F Imminent Safety Hazard shall mean a hazard that presents an imminent and unreasonable risk of death or severe personal injury.

001.02G Initial Package shall mean the materials required for submission to the Department by a manufacturer who plans to market or manufacture modular housing units in Nebraska and is applying for seals to put on them, based on a showing that its use of proposed plans and specifications will produce modular housing units which meet the applicable standards. Each initial package shall consist of:

001.02G1 Two copies of the compliance assurance manual (subsection 003.01B);

001.02G2 Two copies of the plans and specifications for each modular housing unit model (subsections 003.04).

001.02G3 A completed Application for Modular Housing Units Plan Approval Form (MOD-01);

001.02G4 Completed application for seals (MOD-02);
and

001.02G5 A check or money order for applicable fees.

001.02H Living unit shall mean any portion of a modular housing unit which contains living facilities including provisions for sleeping, eating, cooking, and sanitation for no more than one family.

001.02I Manufacturer shall mean any person who manufactures or produces modular housing units.

001.02J Modular housing unit shall mean any dwelling whose construction consists entirely of or the major portions of its construction consist of a unit or units not fabricated on the final site for the dwelling unit, which units are movable or portable until placed on a permanent foundation and connected to utilities. Modular housing units shall be taxed as real estate. The term modular housing unit shall not include a manufactured home (mobile home).

001.02K Person shall mean any individual, partnership, company, corporation, limited liability company, or association engaged in manufacturing, selling, offering to sell, or leasing modular housing units.

001.02L Compliance Assurance Manual shall mean the manual prepared by the modular housing unit manufacturer that lists the production process, guidelines and actions necessary to assure individual unit compliance with the standard adopted by the State of Nebraska (subsection 003.01B).

001.02M Seal shall mean a device or insignia issued by the Nebraska Public Service Commission to be displayed on the exterior of the modular housing unit to evidence compliance with Departmental standards.

001.02N Typical shall mean the drawings that detail repetitive construction techniques necessary to assure code compliance.

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

001.03 Standards for Modular Housing Units: Except as provided by statute, the following standards are hereby adopted as the State of Nebraska Standards governing all the construction of and all the installation of plumbing, heating, and electrical systems in modular housing units.

001.03A INTERNATIONAL RESIDENTIAL CODE - 2000 EDITION, as published by the International Code Council, Inc., 5203 Leesburg Pike Suite 708, Falls Church, Virginia, 22041-3401, and made a part hereof by reference with the following revisions and amendments. A copy of this code is available to be viewed at the Nebraska Public Service Commission office at 300 The Atrium, 1200 N Street, Lincoln, Nebraska, during normal business hours.

001.03A1 Omit Chapter 1 entirely.

001.03A2 In Chapter 3, Section R301.2, remove the last sentence.

001.03A3 In Chapter 3, Table R301.2 (1), the value for "Roof Snow Load" shall be 30 psf, "Wind Speed" shall be 90 mph, and "Seismic Design Category" shall be "C". Footnote "e", second sentence shall read, "Wind exposure category shall be "C".

In Chapter 3, Table R301.4, change the value for "Sleeping rooms" to 40.

001.03A4 In Chapter 9, Section R905.2.7.1, remove all words prior to and including the first comma (,) and capitalize the "a" in "an".

001.03A5 In Chapter 11, Section N1101.2, retain only the section's first sentence and replace the remainder of the section with, "The climate zone for all of Nebraska is "13". The climate zone for homes to be located outside of Nebraska shall be determined by the site's authority having jurisdiction".

001.03A6 In Chapter 31, Section P3103.1, the number "12" shall be placed where the section's first "[number]" appears and delete the language". . . or [number] inches above the anticipated snow accumulation, . . .".

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

002 SEALS:

002.01 Acquisition of Seal: Any person desiring to acquire a seal must meet the requirements of either 002.01A or 002.01B.

002.01A: Meet the requirements of Section 003 and compliance assurance program approval pursuant to Section 004.

002.01B: Have each home inspected twice, at a minimum, by a Commission representative at the convenience of the Commission. The manufacturer shall notify the Commission in advance so the Commission is able to inspect each home in the rough-in state (prior to the home being enclosed but after the framing, wiring and plumbing have been installed) and again when the home is fully completed.

002.02 Application for Seals: Any person who has met the applicable requirements of Subsection 002.01 shall apply for seals on the form prescribed herein. The application shall be accompanied by the seal fee set forth in Section 005, the number of seals requested and a check, payable to the Nebraska Public Service Commission. The seal application form provided by the Commission shall be Attachment 2 (MOD-02).

002.03 Denial and Suspension of Seals: The denial and suspension of seals shall be performed as described in the NEBRASKA UNIFORM STANDARDS FOR MODULAR HOUSING UNITS ACT. The Commission or an authorized representative of the Commission may order a manufacturer or dealer to refrain from selling, offering to sell or leasing any modular housing unit determined to be in noncompliance with the state codes, even though a Nebraska seal or reciprocal state seal is affixed to the unit. The Commission or authorized representative of the Commission may affix to said non-complying unit or component thereof an insignia or device indicating such prohibition.

002.04 Lost or Damaged Seals:

002.04A When a seal becomes lost or damaged, the Commission shall be notified immediately in writing by the manufacturer or dealer. The manufacturer or dealer shall specify the state seal number lost or damaged.

002.04B All damaged seals shall be promptly returned. Damaged and lost seals shall be replaced by the Commission with a new seal at Commission cost.

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

002.05 Placement of Seals:

002.05A Each seal shall be assigned and affixed to a living unit before its shipment from the manufacturing plant and a record of each seal assignment shall be submitted as set forth in Subsection 002.06.

002.05B The seal shall be securely affixed to a lower corner of a window.

002.06 Records: The manufacturer shall submit a construction compliance certificate for each unit manufactured within Nebraska, or for an out of state manufacturer, all modular housing units destined for Nebraska, on the certificate prescribed by the Commission. The reporting forms prescribed by the Commission shall be Attachments #2, #3 and #4 which are made a part hereof by reference and shall be submitted to the Commission within 7 working days after the seal is affixed to the home.

002.07 Unit Identification: Each modular housing unit shall be assigned a serial number and each major transportable section of the house shall carry this serial number. The serial number shall be readily visible. The following information shall be placed directly or by reference on one or more permanent manufacturer's data plates (attachment #3) in the vicinity of the electrical distribution panel or in some other designated location that is readily accessible for inspection.

002.07A Manufacturer's name and address.

002.07B Serial number of the unit.

002.07C Model designation and name of manufacturer of major factory-installed appliances.

002.07D Where applicable, identification of permissible type of gas for appliances.

002.07E Name and date of standards complied with.

002.07F State seal number.

003 PLAN APPROVAL:

003.01 General Requirements: Applications, plans, and specifications, and other documentation shall be submitted as indicated below:

003.01A All plans and specifications of basic systems or variations thereof, including all elements relating to specific components and properly identified as relating to said components, shall be submitted in duplicate and accompanied by an application for review on a form supplied by the Commission. The application form prescribed by the Commission shall be Attachment 1 (MOD-01). When required by Nebraska Revised Statutes, '81-3401 to 81-3455, all plans and specifications submitted to the Commission shall be prepared only by persons who are registered as professional engineers and architects in Nebraska.

003.01B A compliance assurance manual (two copies each) shall be provided with index including but not limited to the following:

003.01B1 Standards: The manual shall identify which of the following standards are adhered to by the manufacturer as adopted by the State of Nebraska:

003.01B1a INTERNATIONAL RESIDENTIAL CODE, 2000 Edition.

003.01B1b INTERNATIONAL PLUMBING CODE, 2000 Edition.

003.02 Required Construction Details: Plans and specifications for modular housing units shall indicate but not be limited to the following details:

003.02A General:

003.02A1 Details and method of installation of modular housing units or components to foundations or to each other.

003.02A2 All exterior elevations.

003.02A3 Cross sections as necessary to identify major building components to include complete structural details with justification (tests or calculations).

003.02A4 Attic access and attic ventilation.

003.02A5 Fire separation details, if required by code.

003.02A6 Sizes, locations, and types of doors and windows.

003.02B Complete heat loss, plumbing, mechanical and electrical plans or specifications indicating all pertinent elements for each model.

003.03 Validity of Approval: An approval granted by the Commission shall be valid from the date of issuance as a continuous certification, provided that the plans, specifications, and compliance assurance programs remain in compliance with the State Codes for modular housing units.

003.04 Confirm Information: Plans, specifications, and other information shall provide units which meet the state codes and shall be confirmed by calculations or tests. When designs cannot be verified by calculations, test of components must be conducted by a registered professional engineer or independent testing agency, the cost of which will be borne by the manufacturer.

003.05 Evidence of Plan Approval: Required material shall be submitted in duplicate. Plan approval shall be evidenced by a letter of approval from the Commission and the Commission stamp on each approved page. One copy of all approved documentation shall be returned to the manufacturer. Additional sets will be approved if requested.

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

004 COMPLIANCE ASSURANCE QUALITY CONTROL PROGRAM:

004.01 General: The compliance assurance program consists of an application form MOD-01 (Attachment 1) and a compliance assurance manual. It shall be the manufacturer's responsibility to execute every aspect of this program. The manufacturer shall continue to be responsible for all corrective actions required. Each manufacturer must obtain approval of his compliance assurance program from the Commission.

004.02 Requirements of Manufacturer: The manufacturer of modular housing units shall submit the following, at a minimum, in duplicate:

004.02A Compliance assurance manual with index.

004.02B Installation procedures with appropriate inspection procedures. Utility hook-up information shall contain appropriate inspection criteria and test description.

004.02C Identification of the manufacturer's representative who will be assigned the responsibility for implementing the compliance assurance program, and define such individual's functional obligation, responsibility and authority. The Commission shall be advised of any subsequent change.

004.02D A statement identifying who is responsible directly, or by means of his agent, for timely and effective performance of service and repairs related to code compliance.

004.02E Changes to the compliance assurance manual.

004.03 Requirements of Inspection Agencies: To ensure that the final product conforms to the adopted construction standards set forth in Subsection 001.03, "Standards for Modular Housing Units", inspection agencies shall follow the following requirements:

004.03A Be totally familiar with the procedures, materials, and design specifications, as stated in the manufacturer's approved design plans and compliance assurance manual.

004.03B During the in-plant inspection, the inspector shall check for, but not be limited to, the following:

004.03B1 Floor Framing:

004.03B1a Materials: Structural, framing members - joists, beams, stringers, blocking, bridging.

Agencies:

004.04A Initial In-Plant Inspection: Once a Manufacturer's compliance assurance manual and plans have been approved, the inspection agency shall perform the initial inspection. The initial inspection shall consist of the inspection agency making a station-by-station thorough evaluation of the manufacturer's operation to assure that the manufacturer is operating in accordance with the criteria set forth in the previously approved compliance assurance manual and plans. In so doing, the inspec-

tion agency shall utilize the in-plant inspection checklist specified in Subsection 004.03.

If the manufacturer during the initial inspection is found to be producing units in accordance with the approved compliance assurance manual and plans, the inspection agency shall notify the manufacturer, in writing, with a copy being forwarded to the Nebraska Public Service Commission.

The notification letter to the manufacturer from the inspection agency shall be in the following form:

This is to notify that _____

can produce modular housing units in conformance with Nebraska's standards for modular housing units.

If the initial inspection reveals deviations from the previously approved compliance assurance manual and plans, the inspection agency shall notify the manufacturer, in writing, of deviations, specifying in detail the observed deviations. A copy of this

letter shall be sent to the Nebraska Public Service Commission. Upon notification from the plant that the specified deviations have been corrected, the inspection agency shall again make an initial inspection of the plant following the procedure previously outlined in this Part 004.04A.

004.04B Monitoring In-Plant Inspections: Following notification to a manufacturer under Part 004.04A, the inspection agency shall undertake monitoring in-plant inspections at a frequency sufficient to inspect every home that will receive the Nebraska modular housing unit seal and to assure continuing compliance with the manufacturer's compliance assurance program. Additional factors which the inspection agency shall take into consideration in determining frequency of monitoring in-plant inspections are as follows:

004.04B1 Production Volume

004.04B2 Design Complexity of Units

004.04B3 The qualifications of the manufacturer's own in-house compliance control organization.

004.04B4 The experience record of the manufacturer.

The monitoring in-plant inspection shall utilize the in-plant inspection check list Subsection 004.03 to assure that each construction feature (structural, mechanical, plumbing, and electrical) is fully evaluated.

004.05 Seal Issuance: Upon satisfactory completion of the initial in-plant inspection and the notification letter issued to the manufacturer by the inspection agency, the manufacturer shall act in accordance with the provisions of Section 002.

005 FEES:

005.01 Fees for Seals: One seal is required per living unit. A fee as established by the Commission of not less than eighty dollars (\$80) dollars and not more than four hundred dollars (\$400) per living unit shall be charged for each seal and issued by the Department.

CHAPTER 13 - MODULAR HOUSING UNIT CONSTRUCTION RULES AND REGULATIONS

005.02 Plant Inspection Fee: Fees shall be charged by the Commission for the inspection of manufacturing plants located outside the State of Nebraska in an amount not to exceed the actual cost of such inspection. The fees shall consist of reimbursement by the manufacturer, to the State, of the inspector's time, and (a) airfare; (b) ground transportation; (c) lodging; and (d) miscellaneous expenses, charged in accordance with the State of Nebraska's current employee travel expense reimbursement policy. In the event that the state inspector inspects more than one manufacturer's plant on the same trip, the fees which cannot be specifically identified to each plant shall be prorated among all manufacturers whose plants were inspected.

005.03 Engineering Services Fee: A person who submits an initial package (see 001.02G) to the Commission for review and approval shall be charged for Commission engineering services provided for performing the review of the initial package at a rate of thirty dollars (\$30.00) per hour based upon sixty (60) hours of review time.

006 RECIPROCITY LIST:

006.01 Procedure to Determine Reciprocity: The Commission shall amend §006.02, and add to the reciprocity list a state, upon a showing that the standards, codes and enforcement practices are at least equal to or are more stringent than those established by the Commission. Any affected person, including any state, may initiate an amendment process under the rule making procedures set out in 184 NAC 1, Rules of Practice and Procedure of the Nebraska Public Service Commission. A modular housing unit which bears the seal of any state which has been placed on the reciprocity list shall not be required to bear the seal issued by this state.

006.02 Reciprocity List: The Commission shall make available to all interested individuals a list of those states whose standards, codes and enforcement practices for modular housing units are at least equal to those established by the Commission and are being enforced by such other state.

006.02A List of Reciprocal States: None

007 ENFORCEMENT ACTIONS:

007.01 Denials and Suspensions: Whenever the Commission determines to refuse to issue or suspend a seal or deny plan or compliance assurance approval for a manufacturer or becomes aware of the existence of a defect or imminent safety hazard, it shall send to the manufacturer, by either registered or certified mail, a notice setting forth the parti-

cular reasons for the actions. Such notice shall state that the refusal of issuance, suspension, or denial shall become final fifteen (15) working days after the receipt of the notice, unless the manufacturer within such fifteen working day period, shall give written notice to the Commission of the desire for a formal hearing. The Commission shall then schedule a formal hearing to be held before the Commission such act of scheduling to be performed within twenty (20) working days of the receipt of the request and such hearing to be held within sixty (60) working days of the receipt of the request. No seals shall be sent by the Commission to the manufacturer during this period of time before the hearing. Resumption of transmittal of seals shall depend upon the results of the hearing.

007.02 Hearings: Any hearings held before the Commission shall be in accordance with the Administrative Procedures Act and the Rules of Commission Procedure of the Nebraska Public Service Commission, Title 291, Chapter 1.

008 RULE REVISIONS:

008.01 Ad Hoc Committee: The Commission shall utilize an ad hoc advisory committee of 4 members to review any proposed revisions to these rules. All ad hoc committee members shall be selected by the Commission and meet in person, through video conference, through telephone conference call, or through any combination of the aforementioned methods as determined to be convenient to the Commission and the ad hoc committee members. The membership shall consist of, when possible, of no more than one person from each of the following groups (modular housing unit manufacturer, modular housing unit retailer, professional engineer or architect, city building official). Committee members are ineligible for expense reimbursement.
